ASPIRE RAPHAEL QUATTRO – NOW WITH EXTENDED LEGREST!

After extensive feedback from the market, we have increased the legrest length on our Aspire Raphael Quattro Lift Chairs. The legrest now extends further out, providing a longer support under the lower legs, which is of particular benefit to taller users.

This change will affect all Raphael Quattro lift chairs stocked colours Bronze, Nordic Stone & Marina Grey. Custom chairs (upholstered locally) will not include this change for a few months.
